Logan

Weemala Riesling 2011 Orange Australia \$18

Pale gold in colour with a green tinge. An inviting nose of peach, orange and notes of honey. A fantastic palate which is fresh and crisp full of tropical fruit with a nice balance of grapefruit, ending with a smooth and long finish. I think it is the new trend of wine that should be enjoyed — full of flavours and well priced. Enjoy with Moroccan seafood salad.

Yering Station

Little Yering Pinot Noir 2010 \$17

Yering Station is synonymous with the Yarra Valley and Pinot Noir thrives in the region's cool climate. It would stand to reason then that this Little Yering would be a great and inexpensive example of what the region has to offer. The cool, dry start to the season has given the grapes a chance to intensify in flavour during the longer ripening, which has given the wine those beautiful, juicy flavours, while maintaining the fresh, crisp palate of a good pinot. The little sister of the Yering signature wines doesn't disappoint.

The Marquise

Chardonnay Mt Gambier 2010 \$20

If it is years since you've ditched your chardonnay habit and made the switch to sauvignon blanc, it could be time to reassess. After all, sav blanc can get a little boring and this chardy is well worth a look. The Marquise has the wood we've come to associate with Chardonnay with enormous subtlety, lovely length and a confidence that's entirely warranted. Best with a creamy pasta dish, your best roast chicken or a laksa.

Devaux and Yering Station

Yarrabank Cuvee \$38

Like any good sparkling, the delicate flavours in these bubbles melt away, leaving a clean taste behind. It's a dry wine that won't suit the ultra-sweet-tooth but is sure to be a hit with most, even the non-champagne drinker. Look out for these bubbles if you've got a special occasion but don't want to blow the budget.
